What?!

What are you

They are together!
Just shoot 'em!

What are you waiting

port...

Been a while...

No signal at all...

제이이...

지지적...

Neither TV nor radio works ...
Yes..., I was thought of this before
After a nuclear explosion, EMP
waves wipe out unshielded electronics ...

So, it was really ...

Did a war break out ...?

All I can see is dark clouds ...
How many casualties?
The chief? My friends ...?

And who were they I saw ...?

Right, there is no one else here.
It was hallucination.

The sky ... I think it's going to rain ...
Radioactive rain ...
Also known as the lethal ash ...

I should stay inside ...

Hang on ... !!

W... what about the birds ?!

Damn it ... !! Humans !

They are already endangered species for God's sake !

pant -

No ... !

What now ?!

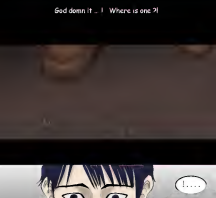

I don't have the time ... to catch them all !

I guess I don't have a choice ...
Cranes are the most endangered,
so I will grab some ..., no, a family ...
no ...

A male and a female at least ... !

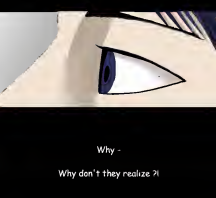

I guess I don't have a choice ...
Cranes are the most endangered,

A male and a female at least ... !

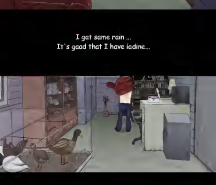

A male and a female at least ... !

No ... !

I guess I don't have a choice ...

no ...

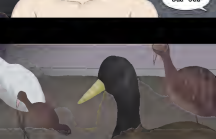

I got some rain ...
It's good that I have iodine...

It's ironic that knowledge I acquired
from my military days is helping me now ...

Ouch ... !

I don't recall being told that the shot
would be this painful though ...
Whatever.

Goo- Goo-

A mallard ... male.

I am sorry.

Something shattered in the kitchen ?!

Is something there ... ?

That is ...

A female mallard ... ?

What a smart
girl...

Why, I wonder ...

Is that why you
are so determined
to leave ?

Listen, sergeant!
Go Jeang-Min!

That guilt of yours
will be with you
forever. Mark my
words, hahaha !

Of all people, I wonder why I recalled him ...

... Let's just sleep.

Until rain stops.

The rain ... stopped in evening.

And when I went out to share ...

As I expected ...

Everything was dead.

This isle literally became an isle of dead ...
